Allinsmith, Wesley, 93
Alpers, Bernard J., 598
American core culture, 127
American, Negro, 132
Amino acid analyses of blood and brain of ataxic rabbits, 120
Amitriptyline, imipramine and placebo, controlled comparison of in hospitalized depressed patients, 370
Analysis of eyelid movements, 31
Analysis of verbal behavior, application of to study of defense mechanisms: Speech pattern associated with impulsive behavior, 75
Analytic situation, extended, on a psychoanalytic milieu ward, 376
Anderson, William W., 222
Angel, Charles, 387
Antidepressant medication, influence of patients' attitudes on their response to, 195
Antidepressants, differential therapeutic results of 3, on fixed or functional schedules, 475
Anxiety
  attitudes and performance and, short-term-effects of LSD on, 266
  birth order, affiliative tendency and: Observations and comments about Schachter's hypothesis, 588
  epinephrine secretion in response to, 558
  stranger and separation, in infancy, 247
  the psychophysiology of, 558
Application of verbal behavior analysis to the study of psychological defense mechanisms, the. II: Speech pattern associated with impulsive behavior, 75
Aronson, H., 75
Ataxia, hereditary, in rabbit: Amino acid analyses of blood and brain, 120
Attitudes
  anxiety and performance and, short-term effects of LSD on, 266
  of medical and psychiatric patients, a comparison of, on the meaning of hospitalization, 575
  patients', influence of on their response to antidepressants, 195
Auto-vampirism, historical perspective and underlying process in relation to a case of, 440
